SUBJECT: MEETING RE NEGOTIATION OF AN INTERDEPARTMENTAL TRANSFER DOCUMENT FOR EPG

Following persons met in Op Nav June 6 to initiate negotiation of an interdepartmental transfer document for EPG:

Cdr. Johns, CNO
Cdr. Singleton, CNO
Mr. Agnew, BuDOCKS, (Real Estate)
Mr. Rae, BuDOCKS, (Real Estate)
Lt. Col. Josephson, DMA
Mr. Guilian, General Counsel
Mr. Lum, Construction & Supply
Mr. Donahue, Construction & Supply

AEC representatives recommended that transfer document include the seven points cited in ALO Secret TWX 1276C, June 3, 1960 (DMA 0-5153). Navy representatives agreed.

AEC representatives asked that CNO reconsider AEC's present obligation to restore to original condition the AFDL 20 and the LSM 444 which are on loan to AEC and now stored in Pearl Harbor. CNO representatives suggested that AEC could be relieved of that responsibility by rescinding all current AEC-DOD agreements on EPG when we write this new transfer agreement.

Guilian and Josephson agreed to write the first draft of a formal transfer document for consideration at the next meeting, June 9. It was agreed that the document should be prepared for signature of the General Manager and the CNO.
