2. In accordance with paragraph 4, Hq, JTF SEVEN SOP 30-2, 15 Feb 1954 and paragraph 2, Appendix I to Annex N of CJTF SEVEN Operation Order No. 3-53, the Maximum Permissible Exposures (gamma only) for Operation CASTLE of the personnel listed below have been increased by waiver from 390 milliroentgens (mr) to the values indicated (in mr). This action is in conformance with the intent contained in the authorities listed below and confirms pre-evaluations of the technical import and the medical aspects of specific work conducted on Operation CASTLE which required a departure from occupational safety standards in situations where completion of missions was essential.

Index I to Annex N of CJTF SEVEN Operation Order No. 3-53,
The Exposures (gamma only) for Operation CASTLE of the
missions have been increased by waiver from 390 milliroentgens
indicated (in mR). This action is in conformance with the
authorities listed below and confirms pre-evaluations
of the medical aspects of specific work conducted on
missions which required a departure from occupational safety standards
for completion of missions was essential.
