ATOMIC BOMB CASUALTY COMMISSION REPORT - "Medical Report on
the Fukuryu Maru No. 5 Incident"

SYMBOL: BM:RME

Attached are four photostat copies of subject report, two of which
are to be distributed by your office to the Canadian and two to the
British Atomic Energy Commission projects. These reports are
forwarded to you in compliance with request in your memorandum of
June 25.

The original report will be forwarded to Oak Ridge at an early date
for reproduction and general AEC distribution, at which time we will
obtain two additional copies for each the Canadian and British offices.
