Congress of the United States

JOINT COMMITTEE ON ATOMIC ENERGY

400137

May 8, 1964

①

General A. R. Luedecke
General Manager
U. S. Atomic Energy Commission
Washington, D. C.

Dear General Luedecke:

It would be appreciated if the Commission would advise the Joint Committee on the status and problems of the people of the Marshall Islands in order that Chairman Pastore may reply to the points raised in the enclosed letter from Ataji L. Balos, Ebeye Village, Kwajalein Atoll, Marshall Islands.

It is my understanding that no nuclear explosion has taken place in the Marshall Islands since September 1958 and I also presume that none are contemplated there for the future even if atmospheric testing is resumed.

Your cooperation is appreciated.

Sincerely yours,

John T. Conway
Executive Director
