Dr. C. L. Dunham
Director
Division of Biology and Medicine
U. S. Atomic Energy Commission
Washington 25, D. C.

Dear Dr. Dunham:

I am sorry to have held the Rongelap galley this long, but I have been very pressed in the last month or so. At any rate, I am returning it herewith; Dr. S. H. Cohn at NRDL has also had a chance at it, and both he and I are satisfied as to its shape and content. I have one qualification: later data resulted in a slightly different spectral distribution estimate (Fig. 1.2) and I thought you had the later figure already. (it appears in WT-939). If it is not too late, I'd like to replace the one you have with the enclosed, which I hope is suitable for reproduction. (No great harm is done if it is too late, for the changes do not affect the main argument).

Thanks very much for sending the galley on to me.

Sincerely,

C. A. SONDHAUS
Donner Laboratory Bio. and Medical
Physics
Berkeley 4, California

*P.S. Noticed only one or two minor grammatical errors. (p 1-9)
Presume they can be, or have been, corrected.*

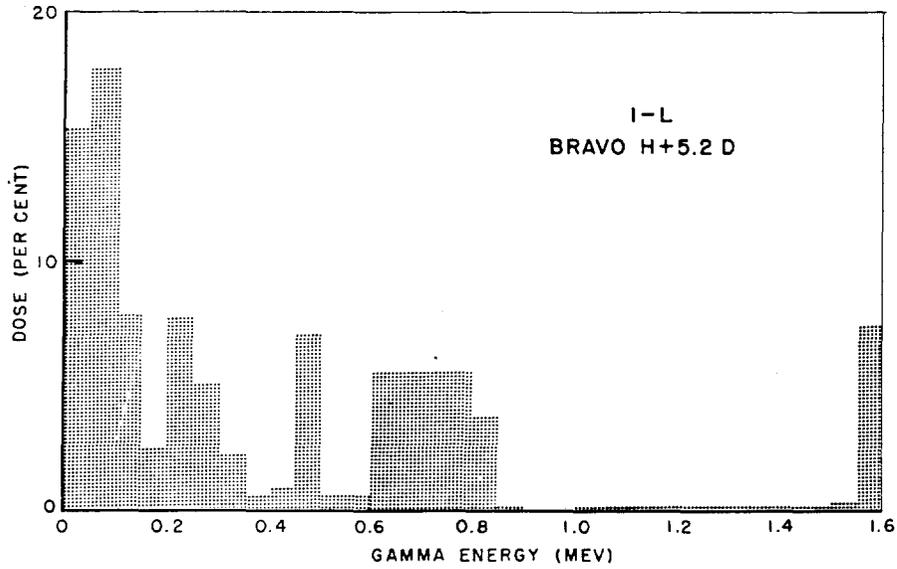

*Will appreciate some copies of this when it's out. (Note my
present address.)* C.S.
