Division of Military Application

PAPER, "RADIOLOGICAL SAFETY FOR THE ENVIETOK PROVING GROUND"  
BY ALBERT L. MAITTEK

Symbol: MAP:MS

Reference is made to your memorandum of 2/28/51 and the  
requested comments on the above subject.

Slide No. 6 reports that Group 13 received 69 r.  
This appears to be in error as the exposure was actually  
reported as 69 r. (Reference: "The Effects of External  
Radiation on Human Beings.")

The Division of Military Application has no objection to the  
release of the above subject paper, as requested. This paper is  
returned herewith as you requested.

L. P. Gise, Assistant Director  
Division of Military Application
