Dear Will:

I received the blood volume information several days ago, and we are most appreciative of your help in this matter. I think it is proving to be a rather interesting project, and soon Leo and I will get together to work it out.

The 9 and 10 year BNL report is being published, and I will send you a copy as soon as it is. It contains a brief summary of this work through last year.

With best regards,

Cordially,

Robert A. Conard, M.D.
