Dear Mr. Beavers:

I am in the process of making field preparations for our medical survey of the Marshall Island inhabitants exposed to fallout. We expect to arrive in Kwajalein the middle or latter part of February, and the survey should be completed by the end of March. Though you have previously obtained clearance for me in dispatch form, perhaps you might wish to include me again in the group, so that it will all be in one package. The group is as follows:

Dr. R. A. Conard (Q), Brookhaven National Laboratory, Upton, New York
Mr. D. Clareus (L), Brookhaven National Laboratory
Mr. W. A. Scott (Q), Brookhaven National Laboratory
Dr. Jacob Robbins (NIH clearance?), National Institutes of Health,
Bethesda, Maryland

If you need any further information, please let me know. Thanks for your help in this matter.

Sincerely,

Robert A. Conard, M.D.
