FOLDER 01 THRU 12 / 1966

Dear Mr. Bonnet:

Attached is a copy of a letter from HICOM concerning my visit schedule to the Trust Territory. There are only a couple of slight changes that will be necessary in the schedule as outlined in my letter of July 19 to HICOM. I hope that you can arrange with the Trust Territory for Neil Rasmussen's visit with me as follows:

|           |              |   |
|-----------|--------------|---|
| Wednesday | September 21 | Leave Honolulu on Pan American Flight #841 at 0130 for Guam, arriving at 0525 on September 22 (cross dateline). |
| Thursday  | September 22 | Leave Guam 0800 on Pan American Flight #500, arriving Saipan 0855.  |
| Monday    | September 26 | Leave Saipan 1000 on Pan American Flight #501, arriving Guam 1135.  |
| Tuesday   | September 27 | Leave Guam TT on Pan American Flight #400A at 0800, arriving Kwajalein 2030.                                    |
| Wednesday | September 28 | Leave Kwajalein at 0830, arriving Majuro 1010. Dr. Rall will join us for this leg of the flight.                |

We will probably request a DC-4 from Kwajalein to pick us up at Majuro on the 29th or 30th. The possible trip to Rongelap will have to be arranged. In any event, our return from Kwajalein to Honolulu appears to be October 4.

It is requested that you write orders to include Dr. J. E. Rall of the National Institutes of Health and also the necessary papers for the Marshallese woman, \_\_\_\_\_ for a visit to Honolulu and return from Kwajalein. Reservations are requested for Dr. Rall, Hickam to Kwajalein, MAC flight September 26 and for Rasmussen, Rall, \_\_\_\_\_ and me for MAC flight from Kwajalein to Hickam on October 4. I am enclosing a copy of Kwajalein clearance for Rall and me. Also attached is a copy of a waiver of immunization for Kwajalein.

PRIVACY ACT MATERIAL REMOVED

Would you contact Tripler Army Hospital and make the necessary arrangements for the admission of \_\_\_\_\_ for several days to carry out follow-up studies for cancer of the thyroid. Her admission would be for several days after our arrival on October 4. I am also writing Major Ronald Moore, Chief of the Radioisotope Section, in regard to these examinations.

I will greatly appreciate your help in carrying out these plans. With regards,

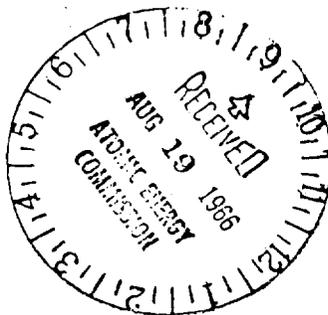

Sincerely,

  
Robert A. Conard, M.D.
