TO: W. B. REYNOLDS

SUBJECT: Stanford Research Institute Study for Test Operations Div.

Attached is a copy of an SRI letter dated December 30 from Dr. L. R. ...
 ...indicative of their acceptance to execute our require-
 ments under their Office of Naval Research contract, and I
 would interpret it as implying that Stanford proposed RS 57-232
 remains valid and unexpired. The proposed proposed contract
 is being administered.
