William H. Kelton, Assistant Manager for Administration, ALO

SUBJECT: COST REPORT, OPERATION REDWING

SYMBOL: AFC:JWS

In accordance with the standing requirement of the Division of Military Application, AEC, applicable to all full scale weapons tests, the Manager, Albuquerque Operations Office, is responsible for submission of a special report on AEC participation in Operation Redwing. The cost section of the report is being prepared by the Finance Division, ALOO.

It is desired that the cost section include a schedule showing the cost of scientific activity by test program. Therefore, we will need from each organization participating in AEC test activity a report covering its participation.

It will be appreciated if you will arrange with your contractor, University of California Radiation Laboratory, to furnish us a cost report for Operation Redwing as of August 31, 1956, in accordance with the attached format. If a breakdown of costs by program is not readily available from the contractor's records, the distribution by program may be estimated on an equitable basis.

In order that we can meet established dead lines, it will be necessary that the report requested above be received in this office not later than September 17, 1956.
