Dear Nell-

I'm back in the U.S., as you can see, and vacationing with Billie here for a few days before returning to N.Y.

Enclosed samples of perfume from 6 pieces which I shall send to you as soon as I get back to my lab. I found the tinted water and the 1 oz. perfume. Do you want me to send these on to you also?

The trip was good and I suppose successful. I hope this finds you & you

well

Best regards

Lee
