Mr. O. Harvie
Casper Development Corporation
2626 South Peak Road
Monrovia, California

Dear Mr. Harvie:

SUBJECT: Subcontract 105

Attached is a copy of a letter from the U.S. Army Ordnance District, Los Angeles, dated January 15, 1959, regarding return of loan to property. It would be much simpler for us if Mr. Carpenter could accept your shipping documents listing the return of the equipment to JPL. Will you please contact Mr. Carpenter and see if this would not fulfill his requirements, as you could then furnish us, JPL and Ordnance appropriate copies. Perhaps your shipping documents could refer to the various numbers that he quotes and thus appropriately tie in identity and accountability details. Further, I believe we should stipulate or certify on shipping documents that all items were accounted for and were returned in equal condition as to when received.

Very truly yours,
