Dear Mr. President:

The hydrogen weapon tests which you recently authorized are scheduled to begin with the first shot on March 1st. They will continue at intervals (assuming favorable meteorological conditions for observation) as follows:

March 1-11-22-29
April 5-15-22.

It requires about two days to fly from Washington to the Proving Grounds at Eniwetok and Bikini. Will you have any interest in witnessing either of the shots? In such event, I would like to make arrangements as well in advance as possible.

Respectfully,

Lewis L. Strauss

For Adm Strauss.
Thanks.
Don't believe I can
do it. I'd like to talk
to you about these sometime.
