

Call General Rainey

Copy of orders from General Kepner

Pursuant to informal conversation with CAF, five L-5 airplanes will arrive Alamogordo 2 March from Biggs Field with pilot and crew chiefs for purpose of accomplishing radiation training as requested by Capt. Lyon.

It is requested that these airplanes be equipped with Geiger Counters fly low over New Mexico atomic bomb test area in order to familiarize appropriate personnel with techniques of Geiger counter operation and interpretation.

In view of the short time available, request training to be expedited and informal training summary be forwarded weekly to Commander Joint Task Force as of 2400 each Saturday.
