Dear Dr. Bartsch:

It has come to my attention that you have recently senior authored a report entitled, "Report of a Survey of the Fish Poisoning Problem in the Marshall Islands". I would like very much to have a copy of this report.

As you may have heard I am now charged with Al Seymours old job of keeping tab on the Commission's scientific program in Limnology and Oceanography. As such I would especially appreciate being placed on the mailing list for pertinent reports from Taft Center.

Sincerely yours,

I. E. Wallen
