Dear Sir:

I am very pleased that I recieved both your pleasing letters dated, July 14 and July 20, 1966. Attached with this letter, I have also recieved the check of \$165.00 (One-Hundred-Sixty-five dollars). as a reimbursement for what I paid to covered our meals during our staying at Ebeye, Kwajalein. The length^{of} time of our staying on Ebeye is correct and the amount of money spent for 3 meals a day is also right. That was 17days by \$3.00 by 4 people.

I am very grateful not because I am able to get what I had spent in return but because of the fact you stated that all possible has been made that such hardship will never occure. I am most please that this arrangement will please whoever your patients will be in later time.

Mr. A. Dale stated that there were 4 patients and myself. I think Mr. A. Dale might have included one of the two patients who were going from Ebeye; therefore, I would advise that my figure is correct - 3 patients and myself.

I am very appreciated for your full concern and well respond to our well-being.

is going now for further treatment upon requested by Dr. Conard. It was very hard for her to go after hearing what had happened to us. I was lucky enough to made her change her mind after she had already made up her mind that she is not going. Then she is going after I told her that every possible care will be made to her.

After being persuading her to go, I am confident that she will be in good care.

I will be very happy to give whatever assistant I could give to Dr. Conard and Mr. Rasmussen in the program concerning these people.

Truely yours,
