Memorandum For: Willard F. Libby

MILITARY RESEARCH & APPL. -7-1

Subject: FALLOUT ECOLOGY AT ENIWETOK

Eniwetok

Attached is a memorandum from Dr. Dunham concerning fallout ecology at Eniwetok. This was prepared in response to your memorandum of June 20, 1958, on the same subject.

~~It would seem to me that this problem is now resolved in view of the fact that the University of Washington Laboratory has now reported their data in terms of strontium units.~~
