Resident Engineer 884  
 Chief Project Engineer Dehumidification of Rolled-Up Scientific Stations

May 18, 1954

Attached is one copy of a memorandum from the Chief Production Engineer to the Chief Project Engineer, dated May 17, 1954, and a transparency of drawing SK-385 covering the above subject. This information was prepared in response to a request from Mr. R. A. Boettcher contained in memorandum No. O/S 7869, dated April 14, 1954.

This information is being forwarded to you for initiation of the work at the jobsite, and, unless advised to the contrary, no further work will be done on the above subject by the home office.
