AND INSPECTION REPORTS FOR UCRL

Gentlemen:

Reference: H&H letter 2537, 5/26/54

By your referenced letter you have informed us that an informal request for certain inspection reports has been made to you and that these are being obtained from the jobsite.

It is suggested that on receipt from the jobsite of this material copies be forwarded to this office for transmittal to the University of California Radiation Laboratory. In this way we can be helpful to the user in recognizing his request.

Very truly yours,
