Reference letter (B) is quoted as follows:

I am authorized to designate and prepare estimates for Weather and Rad-Safe Stations as requested in JTF-7 letter dated February 11, 1957.

Estimates should be prepared for each single location for both the new stations and the rehabilitation of existing stations as funding for this project has not been definitely determined.

During recent meetings in Washington various suggestions in regard to design were offered as follows:

Tanks for potable water are to be fabricated of non-corrosive material.
