Dear Bob:

On Monday you suggested a possible change in the proposed press release.

Your suggested change would have added to the end of the 4th paragraph the following:

" . and as the study progressed made certain specific recommendations which are being considered by appropriate agencies on their merits."

Also, if the change were adopted, the next paragraph would begin:

"He also emphasized that . . . "

Admiral Radford and I approve the suggested change, and it has been cleared with the Canadian Staff, who have no objections.

Admiral Radford will be at your presentation before the Full Committee on Thursday, but it is urgent that he leave by 10:15, as there are items on the Council agenda for which he must be present that morning.

Sincerely yours,
