

STATE DEPARTMENT OF HOUSING

By  
KATHLEEN M. LIZARD  
Director

A Public Hearing will be held on the following subject at the following

time and place:

The National Shelter Policy is a study project designed to identify the needs and groups in the provision of shelter facilities. The project is a study which puts great emphasis on the role of government in providing shelter and technical assistance.

Through its public program of education, training, research, and development, the Department of Housing Agency has identified a number of important areas for support of the National Shelter Policy. A study is being designed to determine the role of government in the provision of shelter.

All of these areas have been identified by the National Shelter Policy as areas of interest to the public. The study is being conducted in order to identify real emergency shelter needs. We are particularly interested in working with the building industry and the housing industry to identify the National Shelter Policy as a possible solution.

Before the public hearing, the Department of Housing Agency has identified a number of areas of interest to the public. These areas are:

First. The role of government in the provision of shelter facilities and the role of the private sector in the provision of shelter facilities.

Second. The role of government in the provision of shelter facilities (including residential) and the role of the private sector in the provision of shelter facilities.

Third. When the Department of Housing Agency is particularly interested in dealing directly with the private sector and government.

How is the Department of Housing Agency going to deal with the private sector and government?

Fourth. The role of government in the provision of shelter facilities (including residential) and the role of the private sector in the provision of shelter facilities.

This program is being developed to help people damaged by hurricanes. They will make arrangements for their own property and liability insurance. The shelter centers will be used for housing people who have lost their homes. The shelter centers will be used for housing people who have lost their homes. The shelter centers will be used for housing people who have lost their homes.

In addition, FEMA will provide technical assistance to local governments. This assistance will be in the form of special policy studies, technical assistance, and other services. The assistance will be provided to local governments in the form of special policy studies, technical assistance, and other services. The assistance will be provided to local governments in the form of special policy studies, technical assistance, and other services.
