

UNITED STATES
ATOMIC ENERGY COMMISSION
WASHINGTON

407200

OFFICE OF THE CHAIRMAN

31 July 1956

Dear Mr. President:

This is with reference to Senator Anderson's letter of July 27th which I am returning herewith.

I have discussed this subject with the Attorney General this morning. I recommend that you acknowledge receipt of the letter and state that you are referring it for study and recommendation to the Secretary of State, the Secretary of Defense, the Attorney General, and the Chairman of the Atomic Energy Commission. Following that interim acknowledgment, I will hope to have further suggestions within a short time.

Respectfully,

Lewis L. Strauss
