R

Captain Jack F. McAhon, US
Pictorial Branch
Motion Picture Section
Office of Public Information
Department of Defense
Washington 25, D. C.

Dear Captain McAhon:

Reference is to review of film, "H-hour Minus 10" by the
Operations Coordinating Board Working Group on Nuclear
Energy Projects and Related Information Programs

The working group has no objection to domestic public
release of the film and no objection to any use of still
frames from the film by any media

However, if there are any plans for overseas use of the
film itself, the working group would like the opportunity
to suggest a few sound track changes. While minor and
mechanical in nature, they are considered important by the
working group.

Thank you for your courtesy in submitting the film for
review.

Sincerely,

Charles C. Learce
Director, Washington Office
Public Affairs
