1. International Health Organization
 The International Health Organization (IHO) was established in 1948 as a specialized agency of the United Nations. Its primary objective is to coordinate and assist member states in their efforts to improve international health cooperation and to raise the level of health care in all countries. The IHO is currently headquartered in Geneva, Switzerland.

2. Report of the [Illegible]
 The report of the [Illegible] committee, which was established in 1948, provides a comprehensive overview of the current state of international health cooperation. It highlights the need for increased collaboration between nations and the role of the IHO in this regard. The report also discusses the challenges facing the organization and offers recommendations for its future development.

Conference might be most fruitful. The Working Group agreed that news corps pending approval from the State Department, and suggested that news corps should be organized or accredited by that office with the following conditions:

3. USIA Report on Actions to Exploit Molotov's Article on Weapons. In response to a question raised at the meeting of the Working Group, USIA has reported the following from the minutes: "On February 11, at 11:30 a.m., Molotov's article 'Molotov on War and Atomic Energy' was distributed to all overseas posts. A full-length article by Walter Lippmann, 'Ford, Exploiting the Molotov-Molotov Connection in the War', was sent out by USIA on all posts on the same day. A Department Telegram (Top Secret) dated April 12, 1950, which the USIA had furnished to the State Department on April 25, USIA's Research and Intelligence Division has a partial study on the article is being prepared to discuss the Dangers of a Third World War."

4. The next meeting will be held on the 15th of the month.
