Dear Jim:

You are familiar with the discussions on the public release to all media of a film adapted from IVY motion picture and provided with a forepiece from the kinescope of the President's December 8 UNGA address and an after-piece spoken by Governor Peterson. It is my understanding that there is no longer any policy misgiving about public issuance of the adapted version. However, all concerned should see the film as it is actually proposed for release and make final comments on it. #

The print is expected in here on February 12 and we will screen it for those concerned in Room 213 of our building on Monday, February 15. I hope you can be there or send a representative who can speak for you. The others invited are Bedell Smith, Roger Kyes, Allen Dulles, and C. D. Jackson -- or their representatives.

Sincerely yours,

Lewis L. Strauss
