Dear Jim:

I talked to Jack DeChant this morning about the H-bomb release and he asked me to put down in writing what we would like to have for our story and to send you a copy of the letter.

This I am doing; a copy of my letter to DeChant is attached. I am simply confirming what we talked about verbally yesterday and what I said in my first letter to you.

Best regards,

George P. Hunt x
Chief LIFE Correspondent
