Office for Environmental Protection,
Safety & Emergency Preparedness
Department of Energy
EP-32, GTN
Germantown, MD 20545

Dear Ed:

Enclosed are three (3) copies of a 99 page transcription of the tape recording I made of the meeting between representatives of DOE and those of the Republic of the Marshall Islands, held at Majuro on December 8 and 9, 1982. Two copies of the tapes are being mailed separately.

I believe the transcription is a reasonably faithful representation of what was spoken in English and recorded on the tapes and is close to being verbatim. We omitted a few ands, ahs, ohs, etc., but most are included. No attempt was made to correct the English but I did insert punctuation at what I thought were appropriate places, as indicated by the intonations of the speakers. The transcription is least accurate in those places where there were background discussions and more than one person speaking simultaneously. A few spoken words were not intelligible and was left as a blank.

Copies of the transcription and tapes are being distributed as follows:

	Number of Copies	
	Transcription	Tapes
Ed Patterson	3	2
Bruce Wachholz	1	
Tommy McCraw	1	
Roger Ray	6*	2*
Bill Robison	1	1
Alice Buck	2	1
Joop Thiessen	1	
Ed Lessard	1	
Vic Bond	1	

*Extras for distribution to Republic of Marshall Islands.

Additional copies of the transcription are available, and if necessary,
further copies of the tapes can be made.

I hope these will be useful.

With best regards,

Bill
