IBS  
IBS/NB  
IOP/NS English MAINICHI today frontpages story that 22 surviving  
IOP/FE victims of hydrogen bomb are sterile "and shall never be  
IAF able to have children again". This story may revive agita-  
IOP/C tion over FUKURYU MARU, which had been quiescent recently,  
IOP/PL especially as crew members have left hospital.

408025

IOC Request material which might be inconspicuously introduced  
AEC into Japanese information channels, possibly along line  
whether sterility suffered under radiation permanent or  
temporary, also whether anything known on Rogelap natives  
losing or regaining reproductive powers. Doctor Shipman  
of H-Division at Los Alamos and Doctor Pearson of AEC have  
been suggested as possible authorities on this subject.  
Suggest consultation conjunction State with Morse Salisbury,  
Director of Information, AEC.
