For radiation conference AEC will send AEC information officer Duncan Clark to Tokyo. Clark will attend preliminary meetings American scientists here and in Tokyo and will advise USIS on technical and security matters throughout conference.

AEC expects USIS Tokyo provide press release and photo facilities, including production, translation, distribution services, Japanese and foreign press contacts as required. On basis preliminary reports from Embassy, AEC expects match number of Japanese scientists with delegation American scientists, mostly not repeat not direct AEC employees. Information to be exchanged is entirely unclassified. Subject to Embassy arrangements, AEC willing have plenary sessions open to Japanese and foreign press.

Dist. Desired
(Offices Only)

Advise Agency whether USIS staff adequate handle press relations for conference with addition one AEC officer. Also advise how long before conference Clark needed in Tokyo and any special instructions for him.
