2. Above is for your information only.

3. Department sees no (repeat no) need negotiate re paragraph 1 reference telegram since under theory lump sum settlement it not necessary examine individual claims. Believe you should however inform Japanese if appropriate we concerned filing numerous additional claims may force us reconsider presently contemplated settlement and require access injured persons for examination. Flimsy claims of type outlined paragraph 1 (f) particularly objectionable.

4. Department strongly concurs your view paragraph 2 reference telegram that reserve contingency fund violates principle lump sum settlement and recommends you so inform Japanese.
