SUBJECT: CLEARANCE OF OFFICIAL OBSERVERS FOR OPERATION REDWING

SYMBOL: SECY:WLO

In order to provide flexibility in clearing official observers for Operation REDWING, we suggest that at Wednesday's meeting you ask the Commission to note that you will act under the authority of Section 145b of the Atomic Energy Act to clear official observers for Operation REDWING. This practice was established for Operation TEAPOT in order to obviate the need for reference of these matters to the Commission.
