ATOMIC ENERGY COMMISSION

LACROSSE SHOT FILM

Note by the Secretary

1. At Meeting 1200 on May 17, 1956, during discussion of the LACROSSE shot film, the Commissioners requested a review of the film to consider the need to upgrade the classification of certain parts of the film.

2. The Director of Military Application has submitted the following note in response to the above request:

"This is to advise that Mr. Charles L. Marshall, Director, Division of Classification, has reviewed the film and has determined that, although the film contains a high degree of sensitivity, it does not contain sufficient information to warrant a classification of Top Secret."
