Director, Military Application and
Dr. Charles L. Dunham, Director, Biology & Medicine

July 26, 1956

W. B. McCool, Secretary

FALLOUT FROM TEWA

SYMBOL: SECY:WLO

1. For your information, during the Executive Session of Meeting 1218 on July 24, 1956, the General Manager reported on fallout from the TEWA shot and said that a public statement might later be proposed. During discussion of this matter, Mr. Libby requested that clean-up techniques be practiced in the contaminated areas.

2. We will be pleased to circulate to the Commission information concerning your action on Mr. Libby's request.
