REVIEWED BY DATE
By: T. Fehner

AFSWP has arranged a briefing on the preliminary results of the REDWING weapons effects program to be given by a FC/AFSWP team in the Pentagon on September 5th. The briefing, which is expected to be about three hours in length, will be given a second time later in the week if interest in attendance so requires.

AFSWP is also arranging the REDWING fallout briefing to be given to the Commission here in Room 213 on some date following the overall weapons effects briefing at the Pentagon. Would you determine the period most convenient for the Commission briefing, so that we may discuss a date with AFSWP.
