BRIEFING FOR HOOVER COMMISSION REPRESENTATIVES

SYMBOL: SECY: JHS

1. You will recall that at Meeting 1042 on November 16, 1954, in the course of a discussion on the briefing of Hoover Commission representatives to be held on November 17, the Chairman requested you to emphasize the dollar costs per square mile of destruction for atomic weapons. Dr. Libby also requested that you point out that information on fall-out from thermonuclear weapons is classified.

2. On the morning of November 17, I discussed these requests with Major Cooper of your office who was preparing the briefing materials. He assured me that the information referred to by the Commissioners would be covered in the briefing.
