Dr. I. E. Wallen  
Aquatic Biologist  
Environmental Sciences Branch  
Division of Biology and Medicine  
U. S. Atomic Energy Commission  
Washington 25, D. C.

Dear Gene:

Enclosed are the following items which should be filed in the Rongelap data notebook.

- (1) Table - average values of radiation levels to replace Page 20.
- (2) Figure - gamma dose rates on Rongelap Island, Page 20A.
- (3) Figure - gamma dose rates on Kabelle Island, Page 20B.
- (4) Map of Rongelap Atoll giving the average and maximum values of the gamma dose rates as of September, 1959, Page 20C.
- (5) Tables - Sr<sup>90</sup> in the skeletons of land crabs. This table now includes March, 1959 data from Kabelle Island, Rongelap Atoll and Uterik Island, Uterik Atoll to replace Page 70.

An extra copy of each of the items has been included in the event that you might want to forward some of them to Mr. Nucker, the High Commissioner of the Trust Territory.

Copies of these data are also being sent to Dr. Conard at the Brookhaven National Laboratories.

We certainly enjoyed your visit at Rongelap Island and are looking forward to seeing you again.

Sincerely,

Edward E. Held  
Research Associate Professor
