e. Construction and Supply

Mr. Derry reported on levels of construction employment and on the status of construction of production and other facilities.

At this point Mr. Derry left the meeting.

f. Reactor Development

The Commissioners had no questions on the Reactor Development report.

g. Research

Mr. T. H. Johnson introduced Mr. Knox who reviewed U. S. particle accelerator programs and commented on the status of studies now in progress.

h. Biology and Medicine

Mr. Claus reported on recent meetings concerning Projects GABRIEL and SUNSHINE and discussed with the Commissioners the conclusions which have been reached thus far in these studies. He also reported on the initiation of Project TRCLL which will study the movement of radioactive material in Pacific ocean currents.

At this point Mr. Claus left the meeting. In the course of the Biology and Medicine report, the Chairman left the meeting.

i. Organization and Personnel

Mr. Smith reported on plans to convert AEC "Indefinite" appointments to AEC "regular" or regular (conditional) appointments. Mr Libby inquired concerning the status of the outside training program for AEC employees. The General Manager suggested that Mr. Smith report on this program during the next Monthly Report to the Commission.

At this point Mr. Smith left the meeting.
